

# THE REVOLUTION

Turn on Cyberspace, Tune in to the Pulse, and Drop out of the Matrix

You take the *blue pill*, the story ends, you wake up in your bed and believe whatever you want to believe. You take the *red pill*, you stay in Wonderland and I show you how deep the rabbit-hole goes.

**In the Movie, 'The Matrix', the Matrix is a computer program that is an unreal world. The computer program makes people think that they live in the real world.**

Analogous to the above paradigm, that is referenced in the movie, 'The Matrix', there is this, 'Real World', of ours, this Planet, this Earth, and on this sphere that is moving in space, there are these so called, Territories, States, Nations, and so on, such as, America, France, Iraq, Turkey, China, or wherever, on this World of ours, that one may go to, and in these Nations, States, Territories or such, generally speaking, there are so called educational systems, to purportedly, 'educate', the people there.

It is, not always, but, 'generally speaking', these so called, 'educational systems', and their associated inoculating paradigms, such as social, religious, and cultural, that casts such a powerful spell upon the people, and as in the movie, The Matrix, and has them living, analogously in a way, to the movie, that being, an illusionary existence.

And unless they are able to, raise the consciousness, of their being, through, knowledge/experience, and are able to perceive through the clutter, disinformation, deceptions, and so on, that has been, like a, 'spell', 'cast upon them', they remain in the, 'Matrix'.

If they are able to break away from the, (to use the analogy), 'The Matrix', then they are able to perceive well enough, to at least begin, to know what understanding is, what Life is, what Love is, what knowledge is, so that hopefully they may honestly move forward in an increasingly Wondrous Life, as they have experienced such an experience, such knowledge, that now makes this, breaking from the, 'Matrix', an experience of what some refer to as, Wonderland, not because it is so amazingly full of experiences of money, power, rings, blings, or things, but because it is a real World, a real Life, that is experienced and understood to be holistically all inclusive of all that is real, yes, a real land of wonder, awe, and knowledge of it, awakens you in, Wonderland.

It is, with real freedom of thought, real opportunity to express oneself, real opportunity to read, to learn, to know, to view, partake of whatever one wants to partake of, as a free being, with out the harming of another or another's property, that allows for this disconnection from the, 'Matrix', to be possible, and not simply a dream.

**We the People**, may more than dream this, **We the People**, are indeed entitled to this, irrespective of any Religion, Person, Government, or whatever, whatever, whatever!

This, commentary to be continued ..... , by, **We the People**.

Are YOU, 'Awake'? --- Or are you still part of the Matrix?
